

OEM BULLETIN

PSA

The Union of the European Lubricant Industry (UEIL) is the umbrella association of the European Lubricants Industry, representing their members and, particularly, the interests of SMEs and independent lubricant companies. To date, the UEIL represents more than 450 lubricant companies, who manufacture and distribute lubricant products under their own various trademarks throughout the European Union. With members in more than 22 European countries and a unique collective experience of lubricants and the lubricants market, UEIL is the sole representative body for independent manufacturers of lubricants in Europe and has been recognised as such by the European Commission. It is UEIL's policy to favour free and fair competition within the scope of prevailing EU and national laws.

UEIL was informed by members that PSA had decided to increase by 25 % its oil approval fee.

UEIL therefore contacted the OEM regarding this issue.

PSA stated that no increase was implemented and that they were going to review the amount of their approval fee to facilitate the access to the approval.

Recently, PSA has informed UEIL that they had decided to reduce by 10 % the amount of their approval fee for Peugeot, Citroën, and DS engines and that the new rate would be applicable to oil applications received from 1st of April 2020.

UEIL thanks PSA for this clarification.

For members who could have faced undue increase, we invite them to request a corresponding fee offset to the OEM.
